

About Us

London Gynaecology is a leading, Private Equity backed private women's health practice, currently based at three locations: our Centre of Excellence on Harley Street, our clinic based out of The Portland Hospital, one of London's leading private hospitals, and our independent clinic in the City of London. With over 20 consultants & GPs, the practice is busy and dynamic and sees in excess of 1500 patients monthly. Over the coming few years, we are planning to rapidly expand the number of clinics and clinical services we provide, beginning with our new clinic in Richmond in October 2025.

Our Ethos & Mission is to provide excellent, expert advice and high quality personalised healthcare at every stage of the patient pathway, ensuring the best possible outcomes for our patients relating to their gynaecological and reproductive health. Our Values are to work together as "ONE TEAM":

- **O**wnership
- **N**urturing
- **E**xcellence
- **T**rust
- **E**mpathy
- **A**ccessibility
- **M**entorship

We believe it is important to treat every patient and colleague with honesty, dignity and respect. Cultural fit is non-negotiable. We are a team, the wellbeing of our staff is paramount and we treat each other with respect and kindness. We are looking for team members who embody these values, are team-players and will go above and beyond to deliver excellent patient service and contribute to making LG a wonderful place to work.

The Role

We are looking for a Bank Sonographer who can either commit to regular shifts at our clinics, or who is able to cover ad-hoc shifts during the week and on Saturdays. You will be hired as a Contractor and as such will need to be registered or willing to register as a Limited Company.

We are looking for an experienced Sonographer, with a special interest in Obstetrics and Gynaecology, who will promote our ethos to provide expert advice and care and a first-class patient experience.

We are seeking candidates who will be based either at our London Clinics (Moorgate in the City of London, Harley Street) or in Richmond.

Key Responsibilities

- Conducting a range of scans from gynaecological pelvic scans to early pregnancy reassurance scans, and including transvaginal and transabdominal scanning
- Capability to scan and diagnose reasons for general gynaecological referrals, including abnormal bleeding, ovarian cysts, adenomyosis, fibroids, polyps, carcinomas, polycystic ovaries and infertility.
- Clearly explaining sonography procedures to patients and making them feel at ease
- Confidently dealing with sensitive and difficult situations, especially when delivering bad news.
- Producing high quality ultrasound reports and images using Viewpoint
- Keeping accurate records and making referrals where necessary
- Confidently interpreting ultrasound scans in order to share findings with Consultants
- Liaising with Consultants, healthcare assistants and admin staff to enhance patient care
- Ensuring a high quality, patient focused, professional service is delivered at all times
- Managing a busy patient list while maintaining a positive can-do attitude and the ability to be flexible
- Taking part in regular Consultant meetings and being a part of multidisciplinary teams
- Ensuring the ultrasound machine and consulting room are checked on a regular basis to maintain high standards of cleanliness and hygiene at all times
- Complying with safety guidelines and relevant Codes of Practice, and conducting audits
- Keeping up to date with CPD, annual appraisals and mandatory training
- Helping with any other duties that are required throughout the practice

Experience & Qualifications

- At least five years' experience with gynaecology and early pregnancy scans
- Current and/or recent experience in both private and NHS settings
- Registered with BMUS, SoR or HCPC
- Diploma of medical ultrasound
- Evidence of professional updates

Required Qualities

- Excellent interpersonal and communication skills, with the ability to work both autonomously and part of a team
- Professional and practical attitude towards work with strong imaging and reporting skills

- Team-player ; to be able to work collaboratively, respectfully and in line with London Gynaecology's values.
- Positive attitude and demeanor.
- High attention to detail.
- Ability to manage multiple priorities in a fast-paced environment.
- A willingness to be flexible, pitch in and work outside of the core responsibilities of the role; we are a small (but growing) team and we all work as needed from time to time.
